“ I still can't believe this is real. Amy you were my sweet baby cousin, and I have such sweet memories of you. I'm thinking of when you were maybe 4 years old, when you'd wear those big shirts to bed and the few times I saw you still in them in the morning and you'd tuck your little body in the whole shirt like a little ball on the couch, with just your head peeking out. I loved how opinionated you were, yes, but especially how vocal you were about your faith in our Lord. This is so sudden, I truly am going to miss you. I love you Ames.

“ Amy was one of my very first friends as the "new girl" in 7th grade. She was loving and warm and welcoming. I have many fond memories of time spent at her families home on Dotsero. You all welcomed me in like family. We lost contact over the years but I'll always remember the times we spent as dear friend in school. I have many middle school photos I'll try to share. Judy and Danny, my heart breaks for you. I know how close your family was.

“ I was devastated to hear about Amy passing away. She is such a beautiful person inside and out. I have many fond memories of her, mostly from our awkward middle school years. Through these years, I found great comfort with being best friends with Amy and her welcoming family who were all so nice to be around. I remember these two adorable dogs that I loved. One was named Sunny I think. I probably over stayed my welcome but I just loved being around Amy, Judy, Daniel, and Melinda. There are so many things that come to mind like Friday nights at the Fort Collins mall or the Loveland Civic Center where boys would always chase her. Driving around with her amazing mother, Judy, in their family van. Countless sleepovers where we would watch so many incredible movies. Amy was a movie buff with her eclectic taste. I admired her creativity and talent in drawing which I enjoy as well. My Dad took Amy and I to see Janet Jackson concert in 7th grade which is still one of my favorite concerts. Amy always had my back. As our lives drifted us apart through high school, college, and so on, she still remains in my heart for she had a tremendous impact on me. I had the pleasure of running into her a few times since high school and each time I felt a sense of glow and happiness just for that chance hug and hello that I received from her. I don't think I could have survived middle school without her. Great friends are one of the many blessings in life and I was fortunate enough to have the time with Amy that I did. I hope that she is at peace now. Amy, please rest in peace my friend.

“ My love for you will never fade. With both our feelings combined is how love is made. You give me the strength to stand up tall. You reach out for my hand every time I'm about to fall. There is not a day you're not on my mind. A person like you is really hard to find. A weekend without you is so hard to do. I cannot even live a day without you. I love to hold you, and hold your hand. From this day on, you are my very best friend. I'm happy to wake up beside you every day. "I love you" are my favorite words you always say. I love it when I look in your eyes I see no hatred, and no lies. Forever in my heart is where you will be. Nobody else will enter because you have the only key. Just to keep you, there isn't anything I wouldn't do. I Love You always Amy

“ Amy, I have so many memories of you and they all involve us laughing and talking of family. When we reconnected years ago it was as though we were never really far away at all. I know your strong belief in the Lord and it gives me comfort to know you're resting in his arms. I love you Amy
