“ Our hearts go out to the family. Trust in God for he is close to those that are broken at heart.

“ Its with great sadness I am leaving a condolence message for a lady that was a huge part of my childhood. I spent so much time with my mom and with the Leon & Stallings family that the memories have always been etched in my heart. My mom, Joyce, is no longer here on earth which makes the time & moments I shared with her (always at the Leon home) more special. I seen the deep love and friendship my mom shared with Lola and the only solace in the loss of Lola is that hopefully the two of them are together again, sharing laughter.
Leons, stay strong and celebrate the life of Lola! Much love & hugs!

“ Oki, Netanikoo, (Greetings, my name is) Mandy Dawn Nickerson of the Blackfeet Nation. I am a singer on Dodie Leon's drum Standing Brave she is my sister, Indian Way. I would first start off by offering my deepest sympathy for your family's loss, of such an amazing woman. I was not close to Mrs. Dolores Sabedra Leon, but nonetheless, I am prime example that you don't have to be very close to someone for them to touch your spirit the way she touched mine. I sat with Mrs. Leon for a number of years at the Malibu Pow Wow. Even though it was one day out of the year, it had become a tradition for me and I looked forward to sitting next to her and we would just visit all day on Saturday. We listened to each other's stories and you Mrs. Leon just brought so much joy and laughter and strength to me. Through these shared moments we formed a bond and it was as if I knew her all my life. I have always gravitated towards strong women and I am yet, so very grateful to have had shared those times with her. Mrs. Dolores Sabedra Leon, was indeed a true example of what a lady is and she inspired me. And she had so much love for God and her family. A beautiful person inside and out, she was kind and loving and very much indeed a great storyteller and she kept it real. She had such a wonderful presence about her and photographed beautifully. I know all too well that death is very much a painful part of life, what has helps me in the healing process is to thank my Creator for sending such a beautiful soul into my life, even if that time was brief, such as mine, those times count too! And to continue to carry on those things which was important to them during their lifetime. Mrs. Dolores Sabedra Leon is with her heavenly Father now and I just want to thank you Mrs. Dolores Sabedra Leon for the times you shared with me, I will always cherish that and may you continue to walk in beauty. And my prayers are that Creator continues to comfort your beautiful, loving family you left
