

Jordan Reese Garcia

January 8, 1994 - July 13, 2017

Jordan 'Jordy' Reese Garcia passed away on Thursday July 13, 2017 in Lebec, CA. He was 23 years old. Jordy was born in North Hollywood, CA to Gerald and Alice Garcia. He spent his early years in the San Fernando Valley-Sylmar area. After grade school the family moved to Frazier Park where he attended El Tejon middle school and then Frazier Mountain High School, where he graduated in 2012.

Jordan's sports activities included playing on the Falcon football team and riding dirt bikes, anywhere from the mountains of the Los Padres National Forest to the beaches of Baja California, Mexico.

After graduating from high school, Jordan began a career in construction, installing solar energy panels. He honed his skills in multiple trades, then became the job foreman. He was truly a jack of all trades.

Jordan had a unique personality. Those who knew him loved his combination of humor and mischievousness. He had a smile that would brighten up even the darkest of situations.

Jordan is survived by his parents Gerald and Alice Garcia of Frazier Park and San Fernando, CA. His siblings all live in California: Justin (with Jessica) Garcia of North Lake Tahoe; Jason (with Kristen) Garcia of Laguna Niguel; Jackie Goshorn (with Danny Howard) of Chatsworth; Jeremy (with Kelly) Goshorn of Sylmar; and Jillian Garcia of Valley Village. Jordan is also survived by his longtime girlfriend Frankie Mlenar of Canyon Country. Jordan's nieces and nephews include Hayden and Carly Garcia; Baylee, Carter, and Kennedy Howard; with Jackson and Benny Goshorn.

About 500 people attended Jordan's memorial services at The Village Church in Newhall on Friday July 21, 2017. Jordy's father sang, his mother read the moving poem "A Child Loaned" and the voices of the Garcia grandchildren were played, singing "Jesus Loves Me." Pastor Phil Wallace provided prayers.

A video montage showed moments from the childhood and life of a young man with a wide smile who was deeply cherished by his family. Jordan leaves behind too many friends and loved ones to mention. Jordy never met a stranger, only his next new friend.

Jordy my crazy taquero Mexican vato, I'm thankful for you and what you stood for. You shared your beautiful soul with anyone that came your way and always shared the bright light that you lived by to make others shine with you. The amount of love that you gave was the highlight of any gathering we shared. The welcoming heart you had towards being a positive booster and impact you graced will always live on this planet through all of those who love and adore you, and im thankful and grateful to apart of that. Jordy i miss you very much, we all do. Countless conversation i continue to have with you even though youre not here physically here, I know that your soul is forever present. I do rgret for denying the last countless times you invited me to sesh with you but know that it was only because i have a great amount of respect for you and your family, but one not knowing when someone will no longer be there is what makes me sad the most. Jordan, I know you're present with every sesh I have. I know that you light up the sunset skies for all of us to see, and all of us have a piece of you to continue on by. Thank you for always being YOU. We miss you. We love you. Till we share the same skies again, Cheers homie.

I didn't know jordy or his family long, I moved across the street from his father about 2 years ago . From day one they made me feel welcomed to the neighborhood. I remember when I was building a gate on the driveway jordy saw I was struggling to remove huge rocks from the dirt and brought me a heavy digging bar and a beer with a smile ear to ear. It felt good to have such good people around. They always made me feel welcome. His smile was always warm and genuine and I am happy to have known him. My condolences go out to all of his friends and family who love him dearly, any man could tell what a good heart he had. RIP JORDAN
