“ *I've just learned of the passing of my dear Mother Burley as I called her. She and I met in Nashville TN many years ago and she was such a gem of a treasure. A picture of grace filled with God's love....inside and out. She loved talking about her daughters and grands with such pride. I treasure our time together as well as phone calls when I could connect with her on her busy schedule. I am thankful that she had a chance to visit me in Atlanta during one of her trips to the area in 2005. Take comfort family in knowing she lived an awesome life that touched so many people both young and old....special lady!*

“ If I had been able to summon myself to say a few words at the ceremony for Alma, I would have said that I have known Alma since I was about nine years old. Upon our first meeting she gave me a big hug and heart shaped necklace. (I was soon to become the little sister-in-law, and I felt very part of the family.) It was impossible not to feel Alma's warmth and strength and love. She truly loved life. Many summers growing up I visited during her birthday and didn't realize how rare and precious it was to know an adult who loved celebrating life so much. She was not even embarrassed when the restaurant wait staff sang Happy Birthday to her. I was pregnant (with Simon) at her beautiful 80th birthday party, and she told me how much she had loved being pregnant too. Alma was a beautiful woman inside and out. I have so much respect for her. She will be sorely missed and always looked up to and remembered.

“ We just learned of the death of Mrs. Johnson. May her family find comfort in knowing that she is now "resting in the bosom of Jesus," as the poet James Weldon Johnson wrote. The Africa University Family

“ I will always remember the first time she had us over for dinner. (I am her son-in-law's brother-in-law.) She made an amazing meal, kept great conversation. She was beautiful, kindhearted, and in charge.
