“ *I grew up living next door to Mr. and Mrs. Valdez , They were a rock for me and my family. My mother was blind and when we had an emergency (few) it was always go get Mrs. Valdez, as my dad was always at work. Mrs. Valdez was always such a great and amazing woman, Always positive and reassuring. I will always love her and think about her. I was fortunate to see her around her 90 plus year birthday. She hadn't changed, I entered her home she immediately said Clifford ,so glad to see you,. I knew I was home. What a wonderful woman who seemed to never have a bad day. I like her family love her. My condolences to her wonderful family. She was the best! Blessings,Clifford Hadsell*

“ Aunque no los conozco quise escribir para expresar mi mas sentido pésame a la familia y amigos de Amelia. La esperanza que ella tiene de vivir otra vez es confiable porque se encuentra en la Biblia en Hechos 24:15. Ahí nos dice muy claro que habrá una resurrección. Volveremos a ver a nuestros seres queridos que han fallecido. Que bonita esperanza tiene Amelia. Aprenda mas de esa promesa y vera como le llena el corazón de paz y consuelo.

“ *Most of my memories are of my grandfather, Raul Valdez, taking me over to his brother's Cuco's and sister in-law Mally's house to visit when I was a kid. I always wanted to go and see the chickens. As I grew older I realized that the visits were not just about the chickens, but spending time with family. The more I sat with them and heard their stories, the more I learned about the history of our family. Aunt Mally was always so sweet to me and made me feel welcomed all the time. The last time I saw Aunt Mally she was holding a baby chicken. While it may seem insignificant it brought back many memories of a time when some of our loved ones were still with us and we were all together sitting around the house. I am thankful for all the memories over time and will never forget them. Aunt Mally will be missed dearly*
