“ *Such a beautiful women, and I will never forget her beautiful smile. I can still visualize her walking the halls at Holy Cross. I remember when Cissy's cousin Gloria Moreno Garcia (my coworker) would go for coffee in the mornings we would see Cissy and she would say good morning girls and of course she would have that beautiful smile of hers. Such a devastating loss to all. May she Rest In Peace.*

“ *Cecilia and I grew up in the 60's enjoying family and get togethers especially at Christmas time at our Gramas house in Glendale. In the 70's we started listening to music and making new friends. In the 80's we drifted apart doing our own thing seeing each other at Family get togethers and night clubs. I have missed her smile and laugh since that dreadful night of her life, I will always miss her and keep her steadfast in my heart.*
