“ Dear Cher, Michael and Family,  
I don't think I ever met anyone quite like Liberty! Coming from a small town in the Midwest, older people just didn't seem to enjoy life quite as much as Liberty and her family. They were all passionate and had the best stories. I will never forget the first time I came to visit. Liberty and Cher took me on a tour...not of their home but their life. I walked along the hallway looking at each picture on the wall. The stories that Liberty told were as good as going to the movies! Later, at one of our club meetings, Cher was asked to tell about herself and growing up. It was fascinating. Cher told not just about herself but the generations of family she descended from. The photos, stories and customs of an immigrant family barely escaping with their lives was something I had never heard first hand. Along with these stories, Liberty reminded us that family and friends are precious and to be cherished. These are stories and lessons to be remembered. I will miss her.

“ Dear Cher, Mike & Family,

*Libby was an inspiration to all of us. She was truly an exceptional person who was intelligent, lively, loving and gracious to everyone. We enjoyed her stories that made our family history come to life. We are so thankful that she and Cher came to Massachusetts to keep up the family ties with the east coast cousins. We loved it when they visited and we loved visiting them. The conversation and laughter always flowed. Libby will always have a special place in our hearts and in our memories.*

*With our deepest sympathy and love,*

“ Cher: I will never forgot the wonderful road trip the three of us took from Sacramento, CA. That had to be 10-15 years ago. Wedrove all around the countryside! We were in Grass Valley as well as several other small towns outside of Sacramento. Had a wonderful lunch. Great company! What a treat!

*I will not forgot the lunches we shared at the different meetings. What a daughter to include your lovely Mother in all you could until you could no longer. You really were a "gem" of a duaghter! How special your relationship was and it will continue. You were so fortunate your Mother had such a long health life. Just remember she is still with you through the thick and thin!*

*I was as lucky as my Mother died at 57. But she and my Dad are with me through all. I think of them at all the very special events of my life. You will one day be reunited. I know Liberty has a seat next to Christ now.*

*With thoughts of love for you as you weather this time.*

“ We are truly blessed to have had Aunt Libby in our family. Although we lived 3,000 miles apart and didn't see her as often as we would have liked, she made all of her "southern" family feel special when we were together. She made us laugh with her wonderful stories. We all loved her so much and will miss her dearly, but she will be remembered as a truly kind, loving person with a great sense of humor.

“ I met Libby when I was about 10 years old through her wonderful daughter Cher who has been like a sister to me through all these years. Libby was always so happy, positive, uplifting and always had something nice to say about someone and always with a big smile on her beautiful face with such laughter. I will always remember her laugh. God Bless you Libby as you fly with the Angels and thank you for always being so nice to me and my family. Love Always and Forever, Gina

“ I will miss seeing 'Libby' at various lineage society meetings. She always had a warm greeting and a big smile and hug for me. She is leaving an empty chair but will still be in our hearts and memories.
