“ I met Lorraine Gonzalez at the Starbucks deaf social nights. Lorraine came to me to see if I could help her with her phone which had problems with video phone. I suggested her to download Z5 on her mobile which she did. She was very happy to be able to get in touch with her friends via video phone on her phone. Lorraine always said hello to me every time she saw me at Starbucks and deaf events. She was a very friendly customer to me. I hope that our Lord brings you and your family the much needed comfort and peace during this sad time. My condolences to you and your family.
