“ *We were so saddened to hear about Richard's passing and the emotional pain he must have been enduring. Richard helped our elderly aunt on his own by taking her to assisted living homes to check out. He did this over six times. He also accompanied her to a lawyer's office so she could be well informed about her choices. Richard was a selfless, generous man that helped people with his kind heart. Richard leaves a hole in our world and our hearts. We want his family to know what a uniquely caring and loving man he was.*

“ Rick,
It was a pleasure to have met you and over the years spend time together on many occasions. I have great memories of us spending times on our Harleys and sometimes getting together for some oysters and a beer. You were somehow always there when I had a question or advice. Also, I looked forward seeing you in the mornings at the gym and having an uplifting chat and a smile. I will truly miss you .
I am very sad Rick, I lost a friend.
